EXHIBIT OPPORTUNITY

The USSA and AVAA are greatly appreciative of the support provided by commercial companies to help make this meeting a success. The program includes abstracts collected from the membership and didactic lectures from invited speakers in a wide range of anesthesia topics. We anticipate about 150 – 200 attendees throughout the day.

All exhibitors will be invited to attend the meeting and associated activities at no additional expense. Companies and their representatives will be recognized during the program as well as acknowledged on the printed agenda and symposium literature. In addition, a designated area will be provided adjacent to the scientific sessions for displaying information about products and services.

There are opportunities for exhibits of this key gathering at the Gold, Silver and Bronze levels. Each package includes exclusive options of a unique aspect of the conference. In addition, each exhibit package delivers other great benefits, such as the promotion of your company brand and expertise nationally, both in advance of the conference and at the event itself, maximizing opportunities to connect with anesthesiologists, offering complimentary registrations, and much more.
